

## Domo Separator

Since the duty was taken off imported goods, I am able to sell the Domo Separator at a very low price. They are made in Stockholm out of the best Swedish bessemer steel, pressed disks, no seams, easy running and won't wear out. Sweden is known all over the world for its iron and of which the Domo Separator is made. I also sell the Empire and have them in stock.

I will sell Buggies again this year for \$39.90 and up.

Also the well-known Bain and Studebaker Wagons that need no other mention as they have been in use for 60 years.

When you buy from us you can always get the extras.

## THE REASON FEWER PEOPLE TAKE "SALTS"

We find the use of salts and other harsh physics is becoming less every year because more and more people are using Rexall Orderlies, which we and they firmly believe to be the best bowel remedy ever made. They taste so much like candy that even the children like them. At the same time they act so easily and naturally that there is no purging, griping or pain. They promptly remove the constipation and, by soothing and strengthening the bowels, make it less liable to occur again. We have the utmost faith in them. We know what they are made of and the pleasant, beneficial results that always follow their use.

You needn't take our word for it. If Rexall Orderlies don't help you—if they don't entirely relieve all your bowel troubles—come back and tell us and we'll give back your money. In vest pocket tin boxes; 10c, 25c, 50c.

You can buy Rexall Orderlies only at The Rexall Stores, and in this town only of us.—McNair Brothers, Ashland, Oregon.

At present he is undergoing another operation which will, it is hoped, absolutely restore his leg to its normal condition. He and his family are living in Asheville, N. C.
